TOTAL OUT	\$ 57,880.00	100%	

Existing Funds

*Undistributed revenue (if any) is applied to our on-going funds that relate to future projects (e.g. land acquisition fund, tower lift project, start-up money for our next Forever Green Gala) or to long range fund development (e.g. Endowment Fund).

Thanks to our many volunteers, a very significant amount of the money raised goes to our stated objectives. Visit us at **Little Cataraqui Creek Conservation Area** (CRCA) on Division St., Kingston (north of Hwy 401) or **Mac Johnson Wildlife Area** on Debruge Rd., Brockville. Members can pick up trail maps and information about camp programs, outdoor education and various special events hosted by CRCA. The Foundation also invites you to visit our website, donate on-line using our Canada.Helps "Donate Now" button, and join us for our Earth Day Celebration (April 22) and the annual Forever Green Gala (Oct. 29, 2011). Corporate or private donations are always welcome.

June 2011 (JK)
